## Class 6 – CREST Award STEM Activity Day The Mount School

Dear Parents and Carers,

Class 6 have been extremely fortunate to have gained a place on the free **CREST Award STEM Activity Day at The Mount School on Friday 3<sup>rd</sup> February 2023.**

The STEM Activity Day runs from **9am – 1pm** and offers a carousel of different STEM activities of 60 minutes' duration. The activities are reasonably balanced between Biology, Chemistry, Physics, and incorporate some aspects of Technology, Engineering and Maths.

Refreshments and a pack-up lunch will be provided for the children; therefore, your child **does not** need to bring a pack-up or order a hot meal on this day. The Mount is a nut free school so all food will be free from nuts and by-products. The pack-up lunches will also have vegetarian options and we have ensured the Mount School are aware of any dietary requirements/allergies.

As this session is during the school day and part of the routine curriculum, we do not need additional consent. Children should come into school in their school uniform and ensure they have suitable outdoor shoes and a **waterproof coat.**

Yours sincerely,

Mrs Severn
