## Stargazing – Class One and Class Two

Dear Parents and Carers,

After several postponed attempts at hosting our Stargazing evening we have decided to try one last time. Please wrap up warm, at this time of year clear nights are also cold nights and there will be a bit of waiting as others use the equipment, so bring plenty of warm clothes. We will be on the edge of the dock so there is enough light to see where you are going but please don't bring big torches as we will be trying to keep the area as dark as possible so we can see the stars and planets. We will be using a simple small telescope and a pair of binoculars. We will be hoping to see Jupiter and its four big moons, they will be perfectly placed on Thursday evening, two either side of Jupiter (thanks Mr Graham for the info) The details for our 'Stargazing Evening' are as follows:

- Venue:** Holgate Dock (school field)
- Date:** Thursday 9<sup>th</sup> February 2023
- Time:** 5.00pm – 6.00pm
- Snack arrangements:** Please bring a flask of hot chocolate and cups, we will provide marshmallows and chocolate buttons.
- Clothing required:** Warm clothing and a blanket to sit on.

Because this event is taking place outside school hours we are unable to offer supervision of the children. Parents and Carers must be present to supervise their own children (siblings are welcome) **or** nominate another child's parent or carer to provide supervision.

If you have any questions please do not hesitate to come in and ask.

Yours sincerely,

Mrs Hann, Miss Purves and Mrs Sanderson.
