DoodleMaths – Years 2, 3, 4 & 5

Dear Parents and Carers

We are pleased to let you know that we are now using DoodleMaths with Years 2, 3, 4 and 5! We have launched it with the children already and this will replace MyMaths for those classes who currently use it. Your child will be bringing home their login details today if they have not done so already.

A little bit about Doodle

Doodle builds confidence and ability in maths by creating every child a personalised work programme tailored to their strengths and weaknesses.

How to get started

1. Watch this video with your child/ren: <https://vimeo.com/506143677>
2. Download the DoodleMaths app onto an Apple, Android or Amazon device. You can also log in to the Doodle programmes through the website (doodlelearning.com) on laptops and desktops by clicking 'log in' and choosing a programme. Follow the instructions in the video above to log in.
3. Use the username and password provided by your child's teacher to log in. You can use the same login details to access DoodleTables – but we will still be using Times Table Rock Stars.

Support for parents and carers

- You can link your email address to your child's account if you wish, but please don't feel that you have to, by logging in, tapping on the arrow icon in the top left-hand corner and selecting Settings > Parent details.
Or, visit parents.doodlelearning.com and head to Manage > Subscriptions.
- You will then be able to view your child's progress by visiting parents.doodlelearning.com or downloading the free DoodleConnect app on Apple and Android devices.
- Doodle are running free webinars to help parents get started with the programme. You can access them here: doodlelearning.com/live-webinars-for-parents/

If you have any questions about Doodle, please visit help.doodlelearning.com or click on the green chat icon on the website, Parent Dashboard, or DoodleConnect app to find articles and how-to videos on everything you need to know, or to chat with the helpful Parent Support Team.

We will be hosting a session for parents in school in a few weeks when we have had chance to work with it and see best how we can use it to improve your child's maths abilities and hopefully answer any questions you may have then. More information to follow.

Happy Doodling!
Mrs Evans
