

Class Reception

Autumn 1 2024

Let's Explore

Topic Overview

In the Let's Explore project, your child will explore their class environment and school grounds so that they feel settled and happy in their new surroundings. They will learn about the local environment and find out about places they have visited on holiday. They will look at and create maps for their journey.

Literacy

- Phase 2 phonics
- Spell words by identifying the sounds and then writing the sounds with letters

Communication and Language

- Listen and respond to what you hear with relevant questions, comments and actions.
- Develop storylines in pretend play and use conversation and discussion to help solve problems.

Mathematics

- Representing the number in a given set using objects
- Naming quantities with number words
- Matching set to numerals

Understanding the World

- Exploring school and meeting new adults
- Learn how the weather, plants and animals of one place is different to another.
- Talk about the different places around the world.

Expressive Art and Design

- Geographical skills and fieldwork – draw a simple map and create a key.

Personal, Social and Emotional

- Computing systems and networks – Technology around us

Physical Development

- Move confidently in a range of ways and safely negotiate space
- An introduction to PE

Expressive Art and Design

- Create collaboratively, share ideas and use a variety of resources to make products.
- Use natural material and loose parts to make 2D and 3D art.
