

# Class 5 – Parent Newsletter

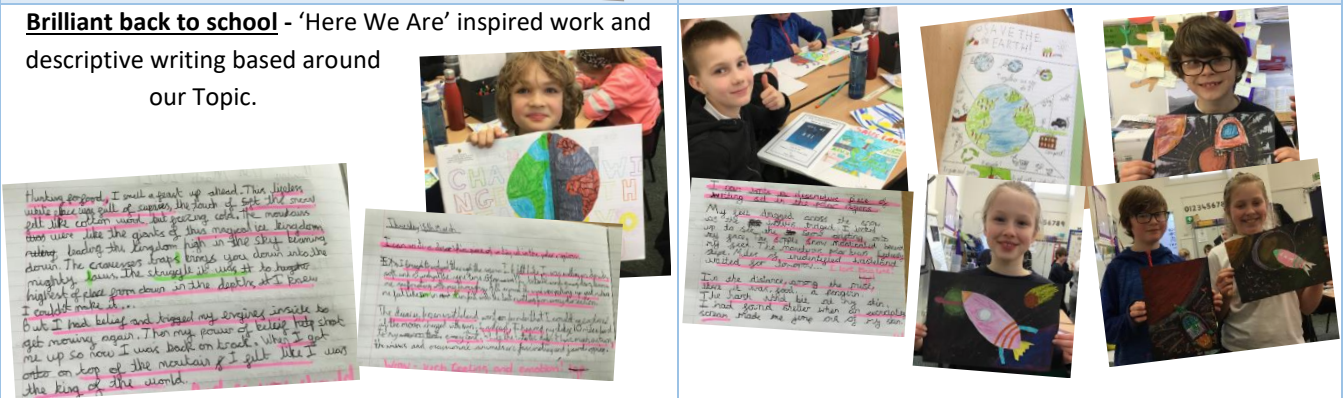

## Spring 2021

This term we have been working on the topic 'Frozen Kingdom'. When school fully reopened again on the 8<sup>th</sup> March, we spent the week taking part in many fun and arty activities, that linked to our whole school text of 'Here We Are' by Oliver Jeffers. It was fabulous to back at school again with our friends and teachers! Here's some of our best moments and learning.

### Amazing Art - Inuit inspired art, Northern Lights and Polar Bear landscapes, Paw Print art.

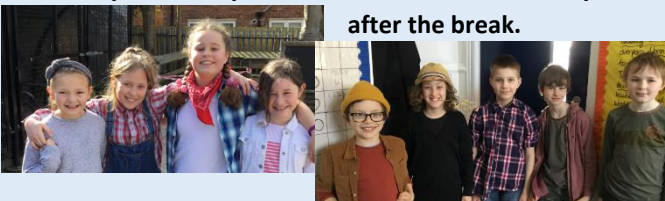

### Brilliant back to school - 'Here We Are' inspired work and descriptive writing based around our Topic.

### Super STEM 2021: Climate Superheroes - What an action-packed week! We all became farmers to launch STEM week and had some excellent enrichment opportunities! This year, our work linked to Farmvention (where farming meets invention) and we came up with our own innovations that would support farmers in their mission to better care for the environment and become Climate Superheroes!

We wish you a lovely Easter and cannot wait to see you all after the break.

Thank you all for your constant support. Mrs Sanderson
